Guide young people and make a difference

What we do

We promote links between our secondary schools and the local community, to support students aged 13-16 to help them achieve their potential.

Could you help to advise our students?

We are looking for Volunteer Mentors of all ages and welcome support from people at all levels - from Trainees to Managing Directors! Diversity of experience adds value to the scheme.

What is the time commitment?

This is not a time-consuming commitment. Your role would be to have a one-to-one meeting with a young person, to listen and provide encouragement, for up to an hour every fortnight during school terms. Your support could make such a difference to a young person.

**If you have a genuine interest in young people and their aspirations
join our mentor network.**

- ✓ Share your knowledge
- ✓ Support your community
- ✓ Enjoy a new challenge

**Try something
new in 2014 -
become a
Mentor!**

This is your chance to give something back!
